

mushroom

I'm a fungus and I can grow without sunlight

It takes me approximately 30 days to grow

I like to in dark chilly places

carrot

I'm here to help build strong bones and prevent cavities

It takes me 70-80 days to grow

I like to grow in cooler temperatures in the fall and spring

green onion

My nickname is "scallion"

I won't make you cry like other onions

It takes me 50-60 days to grow

I like to grow in sunny places in the springtime

potato

My nickname is "spud"

I'm full of starch and Vitamin C

It takes me 70-120 days to grow

I like to grow in the fall when its nice and warm
